

Speaker's order or not but if he wishes to do so then he should do so with a motion up to the Clerk. So, Mr. Chairman, unless a motion is before you to change the Speaker's order, I suggest you go ahead with what is on the agenda.

SENATOR BEUTLER: Senator Warner.

SENATOR WARNER: Fine. Mr. President, I would take the position I did before then, I support the Speaker's agenda and would hope we take it up.

SENATOR BEUTLER: Okay, at this point in time I would rule that the motion is....Senator Hoagland, did you wish to speak again?

SENATOR HOAGLAND: Yes, I would just like to say, Mr. President, that I would like this bill to be treated in the same fashion LB 617 was for the same reasons and I think here, in fact, there are even more reasons for passing this bill over inasmuch as the issue that I am addressing in these amendments has not had a committee hearing, was not known to the neighbors in my area until Monday or Tuesday of this week. They have had basically no time to respond. I don't know whether a motion to pass the bill over was used as a vehicle for passing over 617 or not or if it was simply a ruling from the Speaker, but whatever procedure was used I would like the same procedure to be used here.

SENATOR BEUTLER: Did you wish to speak again, Senator Warner?

SENATOR WARNER: Just to clarify one point, Mr. President, in the sense that the amounts included in this bill were, in fact, subject to public hearing in that it included in the request of the, both the University and the state colleges capital construction, all these items I believe including the land were included in their original request so in that sense at least, there was a hearing. And I quite agree that the specifics in 410 were not in the bill at the time of the hearing but there has been public hearing on the total capital construction which I can understand that some citizens may not necessarily know all those details but in a sense the hearing has been held.

SENATOR BEUTLER: Okay, I would rule at this particular point in time that the motion to pass over is not properly before us since we have an amendment on the floor. The Hoagland amendment is on the floor. Is there anyone who wishes to speak to the Hoagland amendment? Senator Goodrich.
